Night Safety Shuttle
The Night Safety Shuttle is an extension of daytime shuttle bus services aimed at providing safe transit to and from the campus for evening classes, study, and research. The Night Safety Shuttle services the area immediately surrounding the campus including the residence halls and BART. It also makes regular stops at the Undergraduate Library, and provides door-to-door service on the North side and South side—within a prescribed area. Schedules are available at 1 Sproul Hall, on Night Safety Shuttle Buses, and at our web site: www.berkeley.edu/safetyprograms.

Night Escort Service
Uniformed, radio-equipped, and trained student employees of UCPD, Community Service Officers (CSO’s) provide a walking escort, in conjunction with the Night Safety Shuttle, to nearby residences, public transportation or parking facilities during the evening hours. This service is free and is available 365 days per year. Program boundaries are Shattuck (W), Parker (S), Warring (SE)/Highland Place (NE), and Cedar (N). Hours of operation are 6 PM – 2 AM, beginning at 7:30 PM during daylight savings time. To request an escort, call (510) 642-WALK (9255) during operating hours.

Night Walking Routes
Certain routes on the central campus have been identified as the most frequented and well-lit paths to use at night. Students and staff are strongly encouraged to use them, and to walk with friends at night. A map showing these routes can be found on pages 32 and 33 of Safety Counts.

Night Time Personal Safety
Although we encourage you to utilize one of the night safety programs that we offer, there will be times when you cannot. In those cases follow these guidelines:

• Travel with a friend or in a group.
• Be alert and aware of your surroundings.
• Avoid dark, vacant, or deserted areas; use well-lit, frequently traveled routes.
• Dress in clothes and shoes which will not hamper movement.

If you sense you are in trouble:

• Move away from the potential threat if possible.
• Join a group of people nearby.
• Cross the street and increase your pace.
• If a threatening situation is imminent, and people are close by, yell, scream or make a commotion in any way you can to get their attention.
• Go to an open business.
• Call 9-911 from a safe location on campus or 911 off campus or at a pay phone. Or call UCPD Emergency from a campus emergency telephone or a Code Blue phone (see night safety map on pages 32 and 33 of Safety Counts for locations of emergency and Code Blue phones).

For more information about safety services and crime prevention strategies, consult Safety Counts, available at UCPD, 1 Sproul Hall or visit us on the web: www.berkeley.edu/safetyprograms.
